Abstract of Expenditure

Expenditure on Infrastructure Augmentation, Library and Repairs and Maintenance

Year	Infrastructure Augmentation (Amount in Lacs)	Library (Amount in Lacs)	Repairs and Maintenance (Amount in Lacs)
2020-21	40.48	6.25	12.53
2019-20	71.23	2.31	14.47
2018-19	90.03	4.47	15.22
2017-18	88.84	1.19	16.63
2016-17	80.26	2.94	11.8

IQAC Coordinator Gangamai College Of Engineering,Nagaon

Principal Nagaon Education Society's Gangamai College of Engineering Nagaon, Dhule-424005 (M.S.)

Nagaon Education Society's Gangamai College of Engineering, Nagaon

Financial Year 2016-17

We have audited the attached Balance Sheet of Nagaon Education Society's Gangamai College of Engineering, Nagaon as at 31st March 2017 and also the Income & Expenditure Account for the year ended on that date. These financial statements are the responsibility of the management & respective units head. Our responsibility is to express an opinion on these financial statements, based on our audit.

We have conducted the audit in accordance with auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material mis-statement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion. We have relied upon arithmetical accuracy of the books of account maintained by the trust & their units.

We have obtained all information and explanations, which to the best of our knowledge and belief, were necessary for the purposes of our audit and have found the same to be satisfactory.

We hereby certify that financial statements have been correctly complied from the Books of Accounts produced, information supplied and vouchers shown to us subject to the following observations :-

- 1. Financial statements are prepared under Historical Cost Convention in accordance with generally accepted accounting principles.
- 2. Liabilities :- It is necessary to scrutinize the various items which are appearing in list "A". It could not be known that why these liabilities are pending in spite they are payable. Scholarship fees are also payable to great extent. It should be verified why this figure is payable since long time. It should be paid as soon as receipt. List of students should be prepared to whom this is payable and pay immediately to those students. A specific responsibility is fixed on head of the institution to clear of the dues under the guidance of management and the same should bring to nil level. If after scrutiny it is noted that it's not a third party liability which is to be paid then the same should be transferred to other income account after passing necessary resolution. All heads are to be instructed no liability shall exist in their respective books of accounts at the end of the year.
- 3. Furniture & Fixtures (List "B") :-

- It is necessary to maintain register for movable assets. These registers are to be verified and signatures of the verification should be obtained from prescribed authority. Moreover it is necessary to take stock of all movable assets. No. should be given to each and every item. Any discrepancy with the register should be accounted for after passing necessary resolutions for scrapped, damaged, destroyed, lost, etc. items.
- Before purchasing any assets quotation, tender, etc. should be obtained. Assets should be purchased after scrutiny of quotations and other documents. This system is not followed by the unit. Further bill must be verified regarding quantity, rates, etc. as per quotations by the responsible officer before making payment. Payment should be made by crossed account payee cheque only.
- 4. Investments :- Surprisingly it was observed that unit has not maintained any investment register after mentioning in previous audit report. Further interest on investment is not provided in books as per accrual system of accounting. Investment receipts are not produced before us for verification. As such we can not give any assurance regarding investment figure shown in Balance sheet. Surprisingly investment account is having credit balance which could not be explained either by trustee or employee of the unit. This is alarming situation needs urgent attention. It is recommended to obtain investment certificate from bank/financial institution and verify its figure with books of account and necessary entries should be passed for difference(s) if any.
- 5. Advances (List "C") :- On verification of list of advances it is noticed that the amounts are outstanding from long time. The details and nature of that advance could not be traced because of the same. It is necessary to find out its nature. The amount must be recovered if the same is recoverable from respective persons. This is not done by the unit from a long time. Moreover corresponding confirmation is also not on record. The confirmation receipts of advances should be kept on record and the same should be tallied with the figures appearing in the balance sheet. This work is to be assigned to the Head of institution immediately by giving maximum one month's time for its explanation.
- 6. Depreciation :- Depreciation has been provided as per rate of previous of financial year.
- 7. Bank Accounts: As reported by Principal there were no transactions in all accounts of DDCC Bank & 07 & ICICI Bank Account No. 641505700562, 641505700125 & 641505700041. Its bank statement and balance certificates were not produced before us for our verification.
- 8. Printing & Stationery & Consumables :- Stationery and consumables purchased at trust as well as unit level was shown as fully utilised. Thought such purchases took place occasionally the separate register should be maintained & either the stock should be ascertained or full consumption should be proved. But no such record available with the trust as well as unit.
- 9. Income & Expenditure Account : While checking expenditure vouchers following discrepancies were noticed :-

- a) Expenses were verified on the test-checking basis. Wherever supporting vouchers were not available for our verification we have believed on information and explanation given by management of the trust.
- b) Vouchers should be numbered serially.
- c) Details of expenditure should be written on vouchers.
- d) Signature of recipients should be obtained on all vouchers at the time of payment.
- e) Expenditure should be approved by head of the institution and afterwards by management.
- f) TDS should be deducted wherever applicable as per Income Tax Act, 1961.
- 10. Fees Receipts Register : Fees register should be maintained and kept up to date. It should be verified by the person responsible from time to time. Further statement showing the number of paying student various fees, fees receivable from them, receive during the year and arrears at the end of year should be kept at record.
- 11. All Government dues such as Provident Fund, Income Tax, Profession Tax, etc. should be paid in time to avoid any penal action.
- 12. As the Audit of Nagaon Education Society is yet to be conducted as such the internal transactions between it could not be verified.
- 13. Registers : Unit has not maintained Furniture & Fixture Register, Investment Register, Scholarship Register, etc. all these registers should be maintained and kept up to date.
- 14. The bank accounts appearing in the various statements are presumed to be the only bank accounts of the unit in absence of specific certification on behalf of unit.
- 15. It is suggested to pay amount in excess of Rs. 1000/- by crossed account payee cheque only.
- 16. It is suggested that bank account must be operated by two persons by giving authority to three persons of whom one signatory must be common. The trust must follow this particular practice to establish the transparency in the transactions.
- 17. It was observed that unit has not deducted TDS as per norms in respect of some expenditure. Responsibility should be fixed to one person for this and payment of expenses should not be made without deduction of tax at source.

- 18. No confirmation/statement/balance certificate of Provident Fund investment is produced before us for verification. As such we can not give any assurance regarding P F investment shown in Balance sheet. We could not verify the Provident Fund applicability. The unit must obtain certification from the office of Provident Fund indicating that all required employees number has been taken. Moreover passbook statement of Provident Fund account of every employee must be on record which is absent with the unit. No assurance in the matter can be given. Management must look into it immediately.
- 19. Appropriate resolutions must be passed for each type of financial transactions no transactions shall take place without passing resolutions as well as there shall not be any post facto sanction. The resolutions should be specific it means it should contain the discussion and concluded by decision. While approving financial figures the statement should be certified by an appropriate authority and should be kept as a meeting record along with the minute books and the agenda book.

Nagaon Education Society's Gangamai College of Engineering, Nagaon

Financial Year 2017-18

We have audited the attached Balance Sheet of Nagaon Education Society's Gangamai College of Engineering, Nagaon as at 31st March 2018 and also the Income & Expenditure Account for the year ended on that date. These financial statements are the responsibility of the management & respective units head. Our responsibility is to express an opinion on these financial statements, based on our audit.

We have conducted the audit in accordance with auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material mis-statement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion. We have relied upon arithmetical accuracy of the books of account maintained by the trust & their units.

We have obtained all information and explanations, which to the best of our knowledge and belief, were necessary for the purposes of our audit and have found the same to be satisfactory.

We hereby certify that financial statements have been correctly complied from the Books of Accounts produced, information supplied and vouchers shown to us subject to the following observations :-

- Financial statements are prepared under Historical Cost Convention in accordance with generally accepted accounting principles. It was observed in case of some expenses and asset purchases were recorded on payment basis instead of date of bill. It is recommended to record transaction on the date of purchase.
- 2. Liabilities :- It is necessary to scrutinize the various items which are appearing in list "A". It could not be known that why these liabilities are pending in spite they are payable. Scholarship fees are also payable to great extent. It should be verified why this figure is payable since long time. It should be paid as soon as receipt. List of students should be prepared to whom this is payable and pay immediately to those students. A specific responsibility is fixed on head of the institution to clear of the dues under the guidance of management and the same should bring to nil level. If after scrutiny it is noted that it's not a third party liability which is to be paid then the same should be transferred to other income account after passing necessary resolution. All heads are to be instructed no liability shall exist in their respective books of accounts at the end of the year.

sive yeas 64 MP

3. Furniture & Fixtures (List "B") :-

- It is necessary to maintain register for movable assets. These registers are to be verified and signatures of the verification should be obtained from prescribed authority. Moreover it is necessary to take stock of all movable assets. No. should be given to each and every item. Any discrepancy with the register should be accounted for after passing necessary resolutions for scrapped, damaged, destroyed, lost, etc. items.
- Before purchasing any assets quotation, tender, etc. should be obtained. Assets should be purchased after scrutiny of quotations and other documents. This system is not followed by the unit. Further bill must be verified regarding quantity, rates, etc. as per quotations by the responsible officer before making payment. Payment should be made by crossed account payee cheque only.
- 4. Investments :- Surprisingly it was observed that unit has not maintained any investment register after mentioning in previous audit report. Further interest on investment is not provided in books as per accrual system of accounting. Investment receipts are not produced before us for verification. As such we can not give any assurance regarding investment figure shown in Balance sheet. Further it is questionable that investment account is having credit balance which could not be explained either by trustee or employee of the unit. This is alarming situation needs urgent attention. This procedure has not been followed even after mentioning in previous audit reports. It is recommended to obtain investment certificate from bank/financial institution and verify its figure with books of account and necessary entries should be passed for difference(s) if any.
- 5. Advances (List "C") :- On verification of list of advances it is noticed that the amounts are outstanding from long time. The details and nature of that advance could not be traced because of the same. It is necessary to find out its nature. The amount must be recovered if the same is recoverable from respective persons. This is not done by the unit from a long time. Moreover corresponding confirmation is also not on record. The confirmation receipts of advances should be kept on record and the same should be tallied with the figures appearing in the balance sheet. This work is to be assigned to the Head of institution immediately by giving maximum one month's time for its explanation.
- 6. Depreciation :- Depreciation has been provided as per rate of previous of financial year.
- 7. Bank Accounts: As reported by Principal there were no transactions in DDCC Bank Account Number 07, 2156 & ICICI Bank Account No. 641505700125. Its bank statement and balance certificates were not produced before us for our verification.
- 8. Printing & Stationery & Consumables :- Stationery and consumables purchased at trust as well as unit level was shown as fully utilised. Thought such purchases took place occasionally the separate register should be maintained & either the stock should be ascertained or full consumption should be proved. But no such record available with the trust as well as unit.

ANG A SES OF MA

- 9. Income & Expenditure Account : While checking expenditure vouchers following discrepancies were noticed :-
- a) Expenses were verified on the test-checking basis. Wherever supporting vouchers were not available for our verification we have believed on information and explanation given by management of the trust. Some expenses such as Diesel, Printing & Stationery Exps, etc. were not supported by satisfactory documents as such we can not give any assurance for these expenses. Further unit has incurred some expenses in cash even in case of expenses exceeding Rs. 10000/- which is not allowable as per Income Tax Act, 1961.
- b) Vouchers should be numbered serially.
- c) Details of expenditure should be written on vouchers.
- d) Signature of recipients should be obtained on all vouchers at the time of payment.
- e) Expenditure should be approved by head of the institution and afterwards by management.
- f) TDS should be deducted wherever applicable as per Income Tax Act, 1961. It was observed that TDS was not deducted on various heads such as advocate fees, audit fees, etc.
- 10. Fees Receipts Register : Fees register should be maintained and kept up to date. It should be verified by the person responsible from time to time. Further statement showing the number of paying student various fees, fees receivable from them, receive during the year and arrears at the end of year should be kept at record.
- 11. All Government dues such as Provident Fund, Income Tax, Profession Tax, etc. should be paid in time to avoid any penal action. Further responsibility should be fixed for any type of late fees or fine and the same should be recovered from respective employee wherever levied on unit. During the year unit has paid fine/late fee of P F and TDS.
- 12. As the Audit of Nagaon Education Society is yet to be conducted as such the internal transactions between it could not be verified.
- 13. Unit has not filed their TDS returns strictly as per norms prescribed under Income Tax Act, 1961.
- 14. Registers : Unit has not maintained Furniture & Fixture Register, Investment Register, Scholarship Register, etc. all these registers should be maintained and kept up to date.
- 15. The bank accounts appearing in the various statements are presumed to be the only bank accounts of the unit in absence of specific certification on behalf of unit.

and from integers, ion in

- 16. It is suggested to pay amount in excess of Rs. 1000/- by crossed account payee cheque only.
- 17. It is suggested that bank account must be operated by two persons by giving authority to three persons of whom one signatory must be common. The trust must follow this particular practice to establish the transparency in the transactions.
- 18. It was observed that unit has not deducted TDS as per norms in respect of some expenditure. Responsibility should be fixed to one person for this and payment of expenses should not be made without deduction of tax at source.
- 19. No confirmation/statement/balance certificate of Provident Fund investment is produced before us for verification. As such we can not give any assurance regarding P F investment shown in Balance sheet. We could not verify the Provident Fund applicability. The unit must obtain certification from the office of Provident Fund indicating that all required employees number has been taken. Moreover passbook statement of Provident Fund account of every employee must be on record which is absent with the unit. No assurance in the matter can be given. Management must look into it immediately. it was observed that Profession Tax, P. F., etc. were not deducted in case of contract basis employees. These provisions should be strictly followed.
- 20. Appropriate resolutions must be passed for each type of financial transactions no transactions shall take place without passing resolutions as well as there shall not be any post facto sanction. The resolutions should be specific it means it should contain the discussion and concluded by decision. While approving financial figures the statement should be certified by an appropriate authority and should be kept as a meeting record along with the minute books and the agenda book.

Nagaon Education Society's Gangamai College of Engineering, Nagaon

Financial Year 2018-19

We have audited the attached Balance Sheet of Nagaon Education Society's Gangamai College of Engineering. Nagaon as at 31st March 2019 and also the Income & Expenditure Account for the year ended on that date. These financial statements are the responsibility of the management & respective units head. Our responsibility is to express an opinion on these financial statements, based on our audit.

We have conducted the audit in accordance with auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material mis-statement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion. We have relied upon arithmetical accuracy of the books of account maintained by the unit.

We have obtained all information and explanations, which to the best of our knowledge and belief, were necessary for the purposes of our audit and have found the same to be satisfactory.

We hereby certify that financial statements have been correctly complied from the Books of Accounts produced, information supplied and vouchers shown to us subject to the following observations :-

- Financial statements are prepared under Historical Cost Convention in accordance with generally accepted accounting principles. It was observed in case of some expenses and asset purchases were recorded on payment basis instead of date of bill, it is recommended to record transaction on the date of purchase.
- 2. Liabilities :- It is necessary to scrutinize the various items which are appearing in list "A". It could not be known that why these liabilities are pending in spite they are payable. Scholarship fees are also payable to great extent. It should be verified why this figure is payable since long time. It should be paid as soon as receipt. List of students should be prepared to whom this is payable and pay immediately to those students. A specific responsibility is fixed on head of the institution to clear of the dues under the guidance of management and the same should bring to nil level. If after scrutiny it is noted that it's not a third party liability which is to be paid then the same should be transferred to other income account after passing necessary resolution. All heads are to be instructed no liability shall exist in their respective books of accounts at the end of the year.

3. Furniture & Fixtures (Ust "B") :-

- It is necessary to maintain register for movable assets. These registers are to be verified and signatures of the verification should be obtained from prescribed authority. Moreover it is necessary to take stock of all movable assets. No. should be given to each and every item. Any discrepancy with the register should be accounted for after passing necessary resolutions for scrapped, damaged, destroyed, lost, etc. items.
- Before purchasing any assets quotation, tender, etc. should be obtained. Assets should be purchased after scrutiny of quotations and other documents. This system is not followed by the unit. Further bill must be verified regarding quantity, rates, etc. as per quotations by the responsible officer before making payment. Payment should be made by crossed account payee cheque only.
- 4. Investments :- Surprisingly it was observed that unit has not maintained any investment register after mentioning in previous audit report. Further interest on investment is not provided in books as per accrual system of accounting. Investment receipts are not produced before us for verification. As such we can not give any assurance regarding investment figure shown in Balance sheet. Further it is questionable that investment account is having credit balance which could not be explained either by trustee or employee of the unit. This is alarming situation needs urgent attention. This procedure has not been followed even after mentioning in previous audit reports. It is recommended to obtain investment certificate from bank/financial institution and verify its figure with books of account and necessary entries should be passed for difference(s) if any.
- 5. Advances (List "C") :- On verification of list of advances it is noticed that the amounts are outstanding from long time. The details and nature of that advance could not be traced because of the same. It is necessary to find out its nature. The amount must be recovered if the same is recoverable from respective persons. This is not done by the unit from a long time. Moreover corresponding confirmation is also not on record. The confirmation receipts of advances should be kept on record and the same should be tailied with the figures appearing in the balance sheet. This work is to be assigned to the Head of institution immediately by giving maximum one month's time for its explanation.
- 6. Depreciation :- Depreciation has been provided as per rate of previous of financial year.
- Bank Accounts: As reported by Principal there were no transactions in DDCC Bank Account Number 07, 2156 & IOCI Bank Account No. 641505700125. Its bank statement and balance certificates were not produced before us for our verification.
- 8. Printing & Stationery & Consumables :- Stationery and consumables purchased at trust as well as unit level was shown as fully utilised. Thought such purchases took place occasionally the separate register should be maintained & either the stock should be ascertained or full consumption should be proved. But no such record available with the trust as well as unit.

- 3. Income & Expenditure Account : While checking expenditure vouchers following discrepancies were noticed :-
- a) Expenses were verified on the test-checking basis. Wherever supporting vouchers were not available for our verification we have believed on information and explanation given by management of the trust. Some expenses such as Diesel, Printing & Stationery Exps, etc. were not supported by satisfactory documents as such we can not give any assurance for these expenses. Further unit has incurred some expenses in cash even in case of expenses exceeding Rs. 10000/- which is not allowable as per income Tax Act, 1961.
- b) Vouchers should be numbered serially.
- d Details of expenditure should be written on vouchers.
- d) Signature of recipients should be obtained on all vouchers at the time of payment.
- e) Espenditure should be approved by head of the institution and afterwards by management.
- f) TDS should be deducted wherever applicable as per income Tax Act, 1961. It was observed that TDS was not deducted on various heads such as advocate fees, audit fees, etc.
- 10. Fees Receipts Register : Fees register should be maintained and kept up to date. It should be verified by the person responsible from time to time. Further statement showing the number of paying student various fees, fees receivable from them, receive during the year and arrears at the end of year should be kept at record.
- 11. All Government dues such as Provident Fund, Income Tax, Profession Tax, etc. should be paid in time to avoid any penal action. Further responsibility should be fixed for any type of late fees or fine and the same should be recovered from respective employee wherever levied on unit. During the year unit has paid fine/late fee of P F and TOS. Profession tax has not been deducted strictly as per norms in some cases.
- 12. As the Audit of Nagaon Education Society is yet to be conducted as such the internal transactions between it could not be verified.
- Unit has not filed their TDS returns strictly as per norms prescribed under income Tax Act, 1961.
- 14. Registers : Unit has not maintained Furniture & Future Register, Investment Register, Scholarship Register, etc. all these registers should be maintained and kept up to date.
- 15. The bank accounts appearing in the various statements are presumed to be the only bank accounts of the unit in absence of specific certification on behalf of unit.

- 16. It is suggested to pay amount in excess of Rs. 1000/- by crossed account payee cheque only.
- 17. It is suggested that bank account must be operated by two persons by giving authority to three persons of whom one signatory must be common. The trust must follow this particular practice to establish the transparency in the transactions.
- 18. It was observed that unit has not deducted TDS as per norms in respect of some expenditure. Responsibility should be fixed to one person for this and payment of expenses should not be made without deduction of tax at source.
- 19. No confirmation/statement/balance certificate of Provident Fund Investment is produced before us for verification. As such we can not give any assurance regarding P F investment shown in Balance sheet. We could not verify the Provident Fund applicability. The unit must obtain certification account of every employee must be on record which is absent with the unit. No assurance in the matter can be given. Management must look into it immediately. It was observed that Profession Tax, P. F., etc. were not deducted in case of contract basis employees. These provisions should be strictly followed.
- 20. Appropriate resolutions must be passed for each type of financial transactions no transactions shall take place without passing resolutions as well as there shall not be any post facto sanction. The resolutions should be specific it means it should contain the discussion and concluded by decision. While approving financial figures the statement should be certified by an appropriate authority and should be kept as a meeting record along with the minute books and the agenda book.

Nagaon Education Society's Gangamai College of Engineering, Nagaon

Financial Year 2019-20

We have audited the attached Balance Sheet of Nagaon Education Society's Gangamai College of Engineering, Nagaon as at 31st March 2020 and also the Income & Expenditure Account for the year ended on that date. These financial statements are the responsibility of the management & respective units head. Our responsibility is to express an opinion on these financial statements, based on our audit.

We have conducted the audit in accordance with auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material mis-statement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion. We have relied upon arithmetical accuracy of the books of account maintained by the unit.

We have obtained all information and explanations, which to the best of our knowledge and belief, were necessary for the purposes of our audit and have found the same to be satisfactory.

We hereby certify that financial statements have been correctly complied from the Books of Accounts produced, information supplied and vouchers shown to us subject to the following observations :-

- Financial statements are prepared under Historical Cost Convention in accordance with generally accepted accounting principles. It was observed in case of some expenses and asset purchases were recorded on payment basis instead of date of bill. It is recommended to record transaction on the date of purchase.
- 2. Liabilities :- It is necessary to scrutinize the various items which are appearing in list "A". It could not be known that why these liabilities are pending in spite they are payable. Scholarship fees are also payable to great extent. It should be verified why this figure is payable since long time. It should be paid as soon as receipt. List of students should be prepared to whom this is payable and pay immediately to those students. A specific responsibility is fixed on head of the institution to clear of the dues under the guidance of management and the same should bring to nil level. If after scrutiny it is noted that it's not a third party liability which is to be paid then the same should be transferred to other income account after passing necessary resolution. All heads are to be instructed no liability shall exist in their respective books of accounts at the end of the year.

- 3. Furniture, Fixtures & Fixed Assets (List "B") :-
 - It is necessary to maintain register for movable assets. These registers are to be verified and signatures of the verification should be obtained from prescribed authority. Moreover it is necessary to take stock of all movable assets. No. should be given to each and every item. Any discrepancy with the register should be accounted for after passing necessary resolutions for scrapped, damaged, destroyed, lost, etc. items.
 - Before purchasing any assets quotation, tender, etc. should be obtained. Assets should be purchased after scrutiny of quotations and other documents. This system is not followed by the unit. Further bill must be verified regarding quantity, rates, etc. as per quotations by the responsible officer before making payment. Payment should be made by crossed account payee cheque only.
- 4. Investments :- Surprisingly it was observed that unit has not maintained any investment register after mentioning in previous audit report. Further interest on investment is not provided in books as per accrual system of accounting. Investment receipts are not produced before us for verification. As such we can not give any assurance regarding investment figure shown in Balance sheet. Further it is questionable that investment account is having credit balance which could not be explained either by trustee or employee of the unit. This is alarming situation needs urgent attention. This procedure has not been followed even after mentioning in previous audit reports. It is recommended to obtain investment certificate from bank/financial institution and verify its figure with books of account and necessary entries should be passed for difference(s) if any.
- 5. Advances (List "C") :- On verification of list of advances it is noticed that the amounts are outstanding from long time. The details and nature of that advance could not be traced because of the same. It is necessary to find out its nature. The amount must be recovered if the same is recoverable from respective persons. This is not done by the unit from a long time. Moreover corresponding confirmation is also not on record. The confirmation receipts of advances should be kept on record and the same should be tallied with the figures appearing in the balance sheet. This work is to be assigned to the Head of institution immediately by giving maximum one month's time for its explanation.
- 6. Depreciation :- Depreciation has been provided as per rate of previous of financial year.
- 7. Bank Accounts: As reported by Principal there were no transactions in DDCC Bank Account Number 07, 2156 & ICICI Bank Account No. 641505700125 & 641505700041. Its bank statement and balance certificates were not produced before us for our verification.
- 8. Printing & Stationery & Consumables :- Stationery and consumables purchased at trust as well as unit level was shown as fully utilised. Though such purchases took place occasionally the separate register should be maintained & either the stock should be ascertained or full consumption should be proved. But no such record available with the trust as well as unit.

- 9. Income & Expenditure Account : While checking expenditure vouchers following discrepancies were noticed :-
- a) Expenses were verified on the test-checking basis. Wherever supporting vouchers were not available for our verification we have believed on information and explanation given by management of the trust. Some expenses such as Diesel Exps, etc. were not supported by satisfactory documents as such we can not give any assurance for these expenses. Further unit has incurred some expenses in cash even in case of expenses exceeding Rs. 10000/- which is not allowable as per Income Tax Act, 1961.
- b) In case of vehicle repairing expenses incurred on vehicle which is not in the name of Unit/Trust. As reported these vehicles were used for unit work only. As such we have believed on the explanation given.
- c) Vouchers should be numbered serially.
- d) Details of expenditure should be written on vouchers.
- e) Signature of recipients should be obtained on all vouchers at the time of payment.
- f) Expenditure should be approved by head of the institution and afterwards by management.
- g) TDS should be deducted wherever applicable as per Income Tax Act, 1961. It was observed that TDS was not deducted on various heads such as Advertisement/printing Exps., audit fees, etc.
- 10. Fees Receipts Register : Fees register should be maintained and kept up to date. It should be verified by the person responsible from time to time. Further statement showing the number of paying student various fees, fees receivable from them, receive during the year and arrears at the end of year should be kept at record.
- 11. It was noticed that various payments made by bearer cheques in different names. However, the payment was not shown in the name of respective person. It was also not known that why these payments were made to these persons and what was the nature and purpose of the payment. Payment should have been made by account payee cheques only. Instead of this payment was shown as the amount given to Sanstha. This transaction amount approximately amounting to Rs. 7181267/- could not be acceptable. Moreover the Audit of Sanstha was not conducted till this date as reported by respective person. Even this confirmation was given the same is not acceptable on the above ground.
- 12. All Government dues such as Provident Fund, Income Tax, Profession Tax, etc. should be paid in time to avoid any penal action. Further responsibility should be fixed for any type of late fees or fine and the same should be recovered from respective employee wherever levied on unit. During the year unit has paid fine/late fee of P F and TDS. Profession tax has not been deducted strictly as per norms in some cases.
- 13. As the Audit of Nagaon Education Society is yet to be conducted as such the internal transactions between it could not be verified/confirmed.
- 14. Registers : Unit has not maintained Furniture & Fixture Register, Investment Register, Scholarship Register, etc. all these registers should be maintained and kept up to date.

- 15. The bank accounts appearing in the various statements are presumed to be the only bank accounts of the unit in absence of specific certification on behalf of unit.
- 16. It is suggested to pay amount in excess of Rs. 1000/- by crossed account payee cheque only.
- 17. It is suggested that bank account must be operated by two persons by giving authority to three persons of whom one signatory must be common. The trust must follow this particular practice to establish the transparency in the transactions.
- 18. It was observed that unit has not deducted TDS strictly as per norms. Responsibility should be fixed to one person for this and payment/provision should not be made without deduction of tax at source.
- 19. No confirmation/statement/balance certificate of Provident Fund investment is produced before us for verification. As such we can not give any assurance regarding P F investment shown in Balance sheet. We could not verify the Provident Fund applicability. The unit must obtain certification from the office of Provident Fund indicating that all required employees number has been taken. Moreover passbook statement of Provident Fund account of every employee must be on record which is absent with the unit. No assurance in the matter can be given. Management must look into it immediately. It was observed that Profession Tax, P. F., etc. were not deducted in case of contract basis employees. These provisions should be strictly followed.
- 20. Appropriate resolutions must be passed for each type of financial transactions no transactions shall take place without passing resolutions as well as there shall not be any post facto sanction. The resolutions should be specific it means it should contain the discussion and concluded by decision. While approving financial figures the statement should be certified by an appropriate authority and should be kept as a meeting record along with the minute books and the agenda book.

Nagaon Education Society's Gangamai College of Engineering, Nagaon

Financial Year 2020-21

We have audited the attached Balance Sheet of Nagaon Education Society's Gangamai College of Engineering, Nagaon as at 31st March 2021 and also the Income & Expenditure Account for the year ended on that date. These financial statements are the responsibility of the management & respective units head. Our responsibility is to express an opinion on these financial statements, based on our audit.

We have conducted the audit in accordance with auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material mis-statement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion. We have relied upon arithmetical accuracy of the books of account maintained by the unit.

We have obtained all information and explanations, which to the best of our knowledge and belief, were necessary for the purposes of our audit and have found the same to be satisfactory.

We hereby certify that financial statements have been correctly complied from the Books of Accounts produced, information supplied and vouchers shown to us subject to the following observations :-

- 1. Financial statements are prepared under Historical Cost Convention in accordance with generally accepted accounting principles. It was observed in case of some expenses and asset purchases were recorded on payment basis instead of date of bill. It is recommended to record transaction on the date of purchase.
- 2. Liabilities :- It is necessary to scrutinize the various items which are appearing in list "A". It could not be known that why these liabilities are pending in spite they are payable. Scholarship fees are also payable to great extent. It should be verified why this figure is payable since long time. It should be paid as soon as receipt. List of students should be prepared to whom this is payable and pay immediately to those students. A specific responsibility is fixed on head of the institution to clear of the dues under the guidance of management and the same should bring to nil level. If after scrutiny it is noted that it's not a third-party liability which is to be paid then the same should be transferred to other income account after passing necessary resolution. All heads are to be instructed no liability shall exist in their respective books of accounts at the end of the year.

- 3. Furniture, Fixtures & Fixed Assets (List "B") :-
 - It is necessary to maintain register for movable assets. These registers are to be verified and signatures of the verification should be obtained from prescribed authority. Moreover, it is necessary to take stock of all movable assets. No. should be given to each and every item. Any discrepancy with the register should be accounted for after passing necessary resolutions for scrapped, damaged, destroyed, lost, etc. items.
 - Before purchasing any assets quotation, tender, etc. should be obtained. Assets should be purchased after scrutiny of quotations and other documents. This system is not followed by the unit. Further bill must be verified regarding quantity, rates, etc. as per quotations by the responsible officer before making payment. Payment should be made by crossed account payee cheque only.
- 4. Investments: Surprisingly it was observed that unit has not maintained any investment register after mentioning in previous audit report. Further interest on investment is not provided in books as per accrual system of accounting. Investment receipts are not produced before us for verification. As such we can not give any assurance regarding investment figure shown in Balance sheet. Further it is questionable that investment account is having credit balance which could not be explained either by trustee or employee of the unit. This is alarming situation needs urgent attention. This procedure has not been followed even after mentioning in previous audit reports. It is recommended to obtain investment certificate from bank/financial institution and verify its figure with books of account and necessary entries should be passed for difference(s) if any.
- 5. Advances (List "C"): On verification of list of advances it is noticed that the amounts are outstanding (receivable) since long time. The details and nature of that advance could not be traced because of the same. It is necessary to find out its nature. The amount must be recovered if the same is recoverable from respective persons. This is not done by the unit from a since time even after mentioning in earlier audit reports. Moreover, corresponding confirmation is also not on record. The confirmation receipts of advances should be kept on record and the same should be tallied with the figures appearing in the balance sheet. This work is to be assigned to the Head of institution immediately by giving maximum one month's time for its explanation.
- 6. Depreciation: Depreciation has been provided as per rate of previous of financial year.
- 7. Bank Accounts: As reported by Principal there were no transactions in DDCC Bank Account Number 07, 2156 & ICICI Bank Account No. 641505700125. Its bank statement and balance certificates were not produced before us for our verification. The bank accounts appearing in the various statements are presumed to be the only bank accounts of the unit in absence of specific certification on behalf of unit.
- 8. Printing & Stationery & Consumables: Stationery purchases took place occasionally; the separate register should be maintained & either the stock should be ascertained or full consumption should be proved. But no such record available with the trust as well as unit.

- 9. Income & Expenditure Account : While checking expenditure vouchers following discrepancies were noticed :-
- a) Expenses were verified on the test-checking basis. Wherever supporting vouchers, documents, etc. were not available for our verification we have believed on information and explanation given by management of the trust/institution's employee. Some expenses such as Advocate Fees, Website Designing Exps, etc. were not supported by satisfactory documents as such we cannot give any assurance for these expenses. Further unit has incurred some expenses in cash even in case of expenses exceeding Rs. 10000/- which is not allowable as per Income Tax Act, 1961.
- b) In case of vehicle repairing expenses incurred on vehicle which is not in the name of Unit/Trust. As reported these vehicles were used for unit work only. As such we have believed on the explanation given.
- c) Vouchers should be numbered serially.
- d) Details of expenditure should be written on vouchers.
- e) Signature of recipients should be obtained on all vouchers at the time of payment.
- f) Expenditure should be approved by head of the institution and afterwards by management.
- g) TDS should be deducted wherever applicable as per Income Tax Act, 1961. It was observed that TDS was not deducted on various heads such as Building Maintenance Exps., etc.
- 10. Fees Receipts Register: Fees register should be maintained and kept up to date. It should be verified by the person responsible from time to time. Further statement showing the number of paying student various fees, fees receivable from them, receive during the year and arrears at the end of year should be kept at record.
- 11. While verifying salary sheets and related documents it was came to our notice that surprisingly salary amounting to Rs. 9844800/- was paid in cash by receiving cash from Society. Surprisingly these salary payments were not made as regular salary payments which were made by transferring to respective employees account through bank account. Further Profession Tax Returns, P F Returns, etc. were not included these salary payments. As such we cannot give assurance for these expenses. Moreover, the Audit of Sanstha was not conducted till this date as reported by respective person. Even this confirmation was given the same is not acceptable on the above ground.
- 12. During the period under audit unit has purchased consumable software and hardware materials amounting to Rs. 50000/-. Details utilization register of the same is not available for our verification. The separate register should be maintained & either the stock should be ascertained or full consumption should be proved. But no such record available with the trust as well as unit. Before purchasing any assets/heavy expenditure quotation, tender, etc. should be obtained. Assets should be purchased/expenses should be incurred after scrutiny of quotations and other documents. Further bill must be verified regarding quantity, rates, etc. as per quotations by the responsible officer before making payment. This system is not followed by the unit. As such we cannot give assurance for these expenses.

- 13. During the period under audit unit has incurred huge expenses on building maintenance amounting to Rs. 2699343/-. Surprisingly the whole expenditure payment was made in cash only. Further relevant supporting documents such as GST Paid bill, detail register of work executed, examined, visit reports of contractor and management, etc. is not available for verification. Income Tax TDS on this expenditure was not deducted as per provisions of Income Tax Act, 1961. Before purchasing any assets/heavy expenditure quotation, tender, etc. should be obtained. Assets should be purchased/expenses should be incurred only after scrutiny of quotations and other documents. Further bill must be verified regarding quantity, rates, etc. as per quotations by the responsible officer before making payment. Payment should be made by crossed account payee cheque only. This system is not followed by the unit. As such we cannot give assurance for these expenses.
- 14. On test verification of expenses, we have observed that some personal expenses were debited to profit and loss account such as Electricity Bill Rs. 55586/-, Advertisement Exps. Rs. 5250/-, Car Repairs Rs. 19531/-, etc. Further unit has paid P F penalty amounting to Rs. 814103/- during the period under audit. After considering the nature of these expenditure, the same is not acceptable.
- 15. All Government dues such as Provident Fund, Income Tax, Profession Tax, etc. should be paid in time to avoid any penal action. Further responsibility should be fixed for any type of late fees or fine and the same should be recovered from respective employee wherever levied on unit. During the year unit has paid fine/late fee of P F. Profession tax has not been deducted strictly as per norms in some cases.
- 16. As the Audit of Nagaon Education Society is yet to be conducted as such the internal transactions between it could not be verified/confirmed.
- 17. Registers: Unit has not maintained Furniture & Fixture Register, Investment Register, Scholarship Register, etc. all these registers should be maintained and kept up to date.
- 18. It is suggested to pay amount in excess of Rs. 1000/- by crossed account payee cheque only.
- 19. It is suggested that bank account must be operated by two persons by giving authority to three persons of whom one signatory must be common. The trust must follow this particular practice to establish the transparency in the transactions.
- 20. It was observed that unit has not deducted TDS strictly as per norms. Responsibility should be fixed to one person for this and payment/provision should not be made without deduction of tax at source.
- 21. No confirmation/statement/balance certificate of Provident Fund investment is produced before us for verification. As such we can not give any assurance regarding P F investment shown in Balance sheet. We could not verify the Provident Fund applicability. The unit must obtain certification from the office of Provident Fund indicating that all required employees number has been taken. Moreover passbook statement of Provident Fund

account of every employee must be on record which is absent with the unit. No assurance in the matter can be given. Management must look into it immediately. It was observed that Profession Tax, P. F., etc. were not deducted in case of contract basis employees. These provisions should be strictly followed.

22. Appropriate resolutions must be passed for each type of financial transactions no transactions shall take place without passing resolutions as well as there shall not be any post facto sanction. The resolutions should be specific it means it should contain the discussion and concluded by decision. While approving financial figures the statement should be certified by an appropriate authority and should be kept as a meeting record along with the minute books and the agenda book.

In the light of points mentioned above, the trueness and fairness of financial statements affects to the extent of points given above.

Audit Report

Nagaon Education Society, Nagaon Tal. & Dist. Dhule Sanchalit Gangamai College of Engineering M. E. (E & T.C.) P G Course Nagaon Tal. & Dist. Dhule

For th year Ended 01.04.2019 To 31.03.2020. Ended

Premraj G. Deore Auditors Shop No. 6 Panchavati Tower Old Agra Road Deopur Dhule M. No. 9850013466

Nagaon Education Society, Nagaon Tal. & Dist. Dhule Sanchalit Gangamai College of Engineering M. E. (E & T.C.) P G Course Nagaon Tal. & Dist. Dhule Audit Reporting Finacial Year 31.03.2020, Ended

we have audited the attached balance sheet of Nagaon Education Society's Gangamai College of Engineering M. E. (E & T.C.) PG Course Nagaon Tal. & Dist. Dhule as at 31st March 2020 and also the income and expenditure account for the ended on that date. These financial statments are the responsibility of the management and respective units head. Our responsibility is to express an opinion on these financial statements, based on our audit.

We have conducted the audit in accordance with auditing standards generally accepted in india. Those standards require that we plan and perform the audit to obtain reasonable, assurance abuot whether the finacial statements are free of material mis-statements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements presentation. We believe that aur audit provides a reasonable basisfor our opinion. We have relied upon arithmetical accuracy of the books of account maintained by the trust and their units.

We have obtained information and explanation, which to the best of our knowledge and belief, were necessary for the perposes of our avdit and have fopund the same to be satisfactory.

We hereby certify that financial statements have been correctly complied from the books of accounts product, information supplied and vouchers shown to us subject to the following obeservations:-

1. Financial statements are prepared under Historical cost convention in accordance with generally accepted accounting principles.

2. Income & Expenditure Account :-

While checking expenditure vouchers following discrepancies were noticed:-

- a) Expenses were verified on the test-checking basis. Wherever supporting vouchers were not avail
- ...able for our verification we have belived on information and explanation given by management of the trust.
- b) Vouchers should be numbered serially.
- c) Details of expenditure should be written on vouchers.

Nagaon Education Society, Nagaon Tal. & Dist. Dhule Sanchalit Gangamai College of Engineering M. E. (E & T.C.) P G Course Nagaon Tal. & Dist. Dhule Audit Reporting Finacial Year 31.03.2021 Ended

we have audited the attached balance sheet of Nagaon Education Society's Gangamai College of Engineering M. E. (E & T.C.) P G Course Nagaon Tal. & Dist. Dhule as at 31st March 2021 and also the income and expenditure account for the ended on that date. These financial statements are the responsibility of the management and respective units head. Our responsibility is to express an opinion on these financial statements, based on our audit.

We have conducted the audit in accordance with auditing standards generally accepted in india. Those standards require that we plan and perform the audit to obtain reasonable, assurance abuot whether the finacial statements are free of material mis-statements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements presentation. We believe that aur audit provides a reasonable basis for our opinion. We have relied upon arithmetical accuracy of the books of account maintained by the trust and their units.

We have obtained information and explanation, which to the best of our knowledge and belief, were necessary for the perposes of our aydit and have fopund the same to be satisfactory.

We hereby certify that financial statements have been correctly complied from the books of accounts product, information supplied and vouchers shown to us subject to the following observations:-

1. Financial statements are prepared under Historical cost convention in accordance with generally accepted accounting principles.

2. Income & Expenditure Account :-

While checking expenditure vouchers following discrepancies were noticed:-

a) Expenses were verified on the test-checking basis. Wherever supporting vouchers were not available for our verification we have belived on information and explanation given by management of the trust.

b) Vouchers should be numbered serially.

c) Details of expenditure should be written on vouchers.

d) Signature of recipients should be obtained on all vouchers at the time of payment.

e) Expenditure should be approved by head of the institution and afterwards by management.

f) TDS should be deducted wherever applicable as per Income Tax Act, 1961.

3. <u>Fees Receipts Register</u>: Fees register should be maintained and kept up to date. It should be verified by the person responsible from time to time. Further statement showing the number of paying student various fees, fees receivable from them, receive during the year and arrears at the end of year should be kept at record.

4. All Government dues such as Provident Fund, Income Tax, Profession Tax, etc. should be paid in time to avoid any penal action.

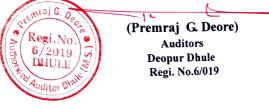

5. As the Audit of nagaon Education Society is yet tobe conducted as such the internal trasctions between it could not be verified.

6. Registers : Unit has not maintained Furniture & Fixture Register, Tuition Fees Register, Scholarship Register, etc. all these registers hould be maintained and kept up to date.

8. It is suggested to pay amount in excess of Rs. 1000/- by crossed account payee cheque only.

9. Appropriate resolutions must be passed for each type f financial transactions no transactions shall take place without passing resolutions as well as there shall not be any post facto sanction. The resolutions should be specific it means it should contain the discussion and concluded by decision While approving finacial figures the statement should be certified by an appropriate authority and should be kept as meeting record along with the minute books and the agenda book.
