Brief Report	Higher education is not limited to earning a degree or getting a good job. Higher education can be seen as a personality development tool. During the studies, the students are shifted to their non-comfort zone. This zone teaches them to engage in critical thinking and work out on problems. These improved skills in thoughts and logic make them better people with the ability to solve real-life crises. A person with a degree is expected to be awarded a better salary. People with at least a bachelor degree working full time are doing better than those with a high school completion degree. Educated people benefit from multiple resources such as health and life insurance ..

Place Of Activity	NES's Gangamai College of Engineering, Nagaon Dhule. (M.S)
No. of Participant	60
Name of Organization	NES's Gangamai College of Engineering, Nagaon Dhule. (M.S)
Object of Event	This drive provides an overview of the possible goals of vaccination against and reflects COVID-19 on potential implications.
Brief of Report	Rapid deployment of vaccines against COVID-19 may enable non-pharmaceutical interventions to be eased in the coming months. Efficient and effective vaccination strategies should be directed by explicit objectives. Therefore, the setting and prioritisation of clear and measurable goals for COVID-19 vaccination strategies is of crucial importance. In this document we discuss the following four potential goals of COVID-19 vaccination: reduction of pressure on the healthcare system; reduction of overall COVID-19 severity and mortality; re-opening of society and disease elimination

The poster features the college logo at the top left, a row of five student portraits, and the text 'Nagaon Education Society's Gangamai College of Engineering Nagaon Dhule-05'. Below this is a large red cross icon and the text 'Free Covid-19 Vaccination Drive For Students and Staff'. The dates '27th, 28th, 29th, October 2021' and time '10.00 am to 5.00 pm' are listed. The venue is 'Gangamai College of Engineering Nagaon Dhule-05, Computer Department Building'. Contact information for Prof. G.M. Poddar (7922451782) and Prof. Harshal S. Deore (7598755273) is provided. An illustration of a vaccine vial and syringe is shown on the right.
